

# The Curve

The Curve Intelligent Envelope Processing system has weigh in motion capabilities, a built in 70lb scale, unlimited accounting and job reporting, operator reporting, presort reporting, full International mail manual with custom forms printing, e-certified forms printing with 3877 firm mailer book all with a 15" color touch screen, The Curve has optional "One Pass Printing" with the ability to print the return address, the send to address including IMB, and indicia or permit printing all at the same time. The Curve qualifies for the commercial rate discount program saving you .95 cents per piece on priority mail with free electronic delivery conformation, savings of up to 2.05 per piece of international mail and e-Certified with a savings of up to 1.20 per piece on certified mail.

Calculating the number of pieces of these types of mail you process per month may allow you to cost justify the entire monthly lease cost

The Curve has ink costs that are up to 75% less than the competitors solutions. The Curve sets postage through a high speed internet connection (Competitors mailing machines use old dial up technology)

## The Curve qualifies for various USPS discounts turning your mailcenter into a *profit center*
