

It's simple.

For customers who process Inbound or Outbound

- o **MAIL:** Physical or Electronic [Financial or Marketing]
- o **SHIPPING:** FedEx or UPS [Envelopes or Parcels]
- o **DOCUMENTS:** Financial, Legal, Policy, Graphic Arts

We provide expertise & solutions to reduce operational cost, eliminate waste & expedite your processes, all while helping your company meet its Green initiatives.

Streamline Group is the 1st & only full-spectrum source for physical, electronic & web-hosted mailing & logistics solutions & the only locally owned source for mailing systems in East & Middle Tennessee!

The Streamline Coverage Area

Feel free to call or email anytime for an efficiency analysis, a live demonstration, questions about our products & services or just for general mailing & shipping tips.

e-Billing, e-Marketing & e-Doc-Solutions

Eliminating up to 70% of billing-related expense, getting our clients paid faster, achieving as high as 80% customer-adoption rates & helping our clients "Go Green" in the process! It doesn't hurt that it's certified by the US Postal Service! If your company processes paper or electronic bills, it's worth a look!

Pitney Bowes Mailing Systems

Never before could you get the personal service & support that only a local company can provide **COMBINED WITH** the engineering & resources of **Pitney Bowes**.

Now you can have the best of both worlds!

Document-Automation Galore

Highly versatile folder-inserters, pressure-sealers, address-printers, booklet-makers, check-signers, bursters, cutters, printers, duplicators, mail-openers, tabbers, labelers, strapping-machines and much more!

Here's just a few of the many things we do.

Postal Discounts

Presort Service or Do-It-Yourself

Don't have the volume to qualify for bulk mail postal discounts or 1st class automation rates? No problem! We'll pick up your mail & integrate it with other companies' mail so everyone wins!

Shipping, Receiving & Inventory Systems

Scalable, Web-Hosted, Multi-Carrier Shipping & Receiving systems can be custom-configured for almost any application. Web-Hosted SaaS Solutions mean there's nothing to buy, build or maintain. Peripherals range from long-range cellular delivery scanners to inline & 3-D Dimensional Scales. **FREE TRIAL!**

Email Marketing by Streamline

We create custom E-stationary to your specifications, next we show you how to upload, maintain & cleanse your emails, lastly we show you the endless multimedia applications, the analytics reports & how to customize your own creations all for only **.03 cents per email!** That's it!
